Just to let you know:
By participating in the webinar you acknowledge and agree that:
The session may be recorded, including voice and text chat communications (a recording indicator is shown inside the webinar room when this is the case).
We may release recordings freely to the public which become part of the public record.
We may use session recordings for quality improvement, or as part of further research and publications.
Online Supervised Exams
How does it work?
Check out our short (3 min) video to get an idea of how it works.

You will need a website space where you work. A real person will supervise or access anything that happens. The exam is just like a normal exam.

What are we planning to achieve?

- OLX embedded as BAU (business as usual) within a combined Exams Team
- Support a transition over time to OLX as default mode for exams
- Paper-based exams to eventually become a ‘special need’
Flexibility and Innovation remain core to value of OLX

- Mid term supervised exams
- ‘Online only’ exam weeks
- Exams ‘on-demand’
- Repeatable exams
- Long availability windows
- Access to online resources and software tools
- Individual exam rescheduling as an entirely new dimension of flexibility
